

WANT SERVICE ON RAILROAD IMPROVED

RESOLUTION PASSED BY C. OF C. DIRECTORS.

CONDITIONS ARE CITED

Some Passengers Forced to Stand in Aisles on Two Trains on Creston Branch of Road.

As a result of a number of complaints about the service of the Burlington Railroad given to patrons of the St. Joseph-Creston branch, the board of directors of the Maryville Chamber of Commerce has passed a resolution calling attention of the officials of the Burlington to the condition of train service on this branch. A copy of these resolutions has been sent to the railroad officials.

It has been pointed out that a number of passengers boarding the train at the Maryville station within the last few days have been unable to find seats in the one passenger coach which has been on the noon and afternoon passenger trains and were forced to stand in the aisles, a condition which, according to warnings issued by the Burlington railroad, itself, is dangerous.

The resolution also calls attention to the fact that no ticket agent is on duty at night at the Maryville station.

The resolution, as passed by the board of directors of the Maryville Chamber of Commerce, is as follows:

"TO THE OFFICIALS OF THE BURLINGTON RAILROAD

"Whereas: Serious complaints against the service of the Burlington Railroad are constantly and in increasing numbers coming to the office of the Maryville Chamber of Commerce, and

"Whereas: We can no longer allow these complaints to come without correcting same, and

"Whereas: The complaints state that on almost every train that goes north at 11:40, and on almost every train that goes south at 4:48 p. m. it is necessary for many people to stand, giving as one concrete example where sixty-seven people from Maryville alone crowded into a coach with sixty-eight seats, most of which were already filled with patrons.

"Whereas: The equipment has been allowed to deteriorate, using cars that are old and dilapidated, and

"Whereas: There is no ticket agent at the station at Maryville in the evening when the train goes north, making it impossible to get information as to time or arrival of train or to purchase tickets, and

"Whereas: The city of Maryville, constantly increasing in population, the State Teachers College constantly increasing its enrollment, which now has reached an average attendance of 700 during the winter term and twice that number in the summer term, giving the Burlington Railroad an amount of traffic which they are not taking care of properly, and

"Whereas: This condition is contrary to the service that any railroad should render its patrons.

"Be It Resolved: That we, the Maryville Chamber of Commerce, call the attention of the Burlington Railroad authorities to this deplorable condition and that they take steps immediately to remedy same, giving the Creston Branch more complete and more up-to-date equipment, and providing for an agent to take care of the evening train.

Rev. Allison Speaks to H. S. Debaters

The Rev. S. P. Allison of the Presbyterian Church spoke to the members of the High School Debating Club this morning on the art and theory of debating. The Reverend Allison stressed reasoning as being of greater importance than proving a point by quoting authorities. He also showed a large number of little turns which can be taken to kill the issues of opponents, which proved profitable to the club members.

Atherton and Purcell Recover Stolen Auto

Ford Coupe Taken From Street in Kansas City Sold to Parnell Man Who Bought it in Good Faith

A Ford coupe that was stolen at Twelfth and Walnut streets in Kansas City June 28, 1922, owned by the Meek Motor Co., of Oswatimie, Kan., was recovered today by Deputy Sheriffs Leo Atherton and Gabe Purcell at Parnell.

The Ford coupe was new at the time and an employee of the Meek Motor Co. had stepped out of the car to go into a store and when he came out the car had been stolen. Joe Wagner, who stole the car, sold it to Doctor See at Eagleville soon afterwards and Doctor See later sold it to Roe Elkins of Parnell, both men buying the car in good faith and were innocent to the fact that the auto was stolen property. Atherton and Purcell recovered the car today from Elkins.

A short time ago Wagner was convicted by a court in Kansas City for auto thieving and was sentenced ten years to the penitentiary.

GOD IN ACTION IS GUIDE INTO TRUTH

SAYS DR. C. C. JAMES IN HIS SERMON LAST NIGHT

'MAKES WORD POWERFUL'

"Mills Duo" Participated in Services Last Night—"Deadliness of Sin" Sermon Subject Tonight

"God in action in you will guide you into all truth," said Dr. C. C. James in his sermon on "God in Action" at the First M. E. Church last night.

"He makes the word of God quick and powerful; revolutionizes society, giving backbone to stand for the right," Dr. James continued. "It is essential to both individual and nation. God in action in us equips us for the larger service for men, rebukes the world of sin and separates men for special service.

"Remember how the Holy Spirit came into the life of Christ in His public life. Man's only power for service comes through the Holy Spirit. This is the great need of the church of today. It comes as a permanent endowment. You cannot limit the power of a man in whom God is in action. A Christian without the Spirit of God is like a ship at sea with disabled engines.

"God in action in men's lives produces illumination, and no man is saved without the work of the Holy Spirit. He comes into our lives and gives us a new heart and outlook on life. God sends his spirit into our hearts to help us control our actions, according to His will."

Mr. and Mrs. E. C. Mills, known as the "Mills Duo," participated in the meeting last night. They sang, "The Old Rugged Cross." Mr. Mills sang a solo, "I Know the Author and I Believe the Book is True." Mrs. Mills will give a whistling solo at the service tonight which will start at 7:30 o'clock.

Dr. James' subject for tonight will be, "The Deadliness of Sin."

DISCUSS CEMENT PAVING YESTERDAY

H. S. GISH EXPLAINS METHOD TO PROPERTY OWNERS

RESOLUTION PREPARED

For Paving of Alley in Block 3 by Commissioners at Meeting Held Last Night

About a dozen property owners were in attendance at a meeting at the City Hall last evening when H. J. Gish, field engineer of the Portland Cement Association, talked about cement paving. The purpose of the meeting, Mayor W. O. Garrett said this morning was to explain to the property owners along streets where paving is being contemplated the several phases of cement paving.

At the meeting last night several streets west of Main street were mentioned for paving this summer, especially Walnut and Thompson streets. Some cement paving will undoubtedly be tried this year, Mayor Garrett said this morning. He said that the people of Maryville are talking paving, most of it being favorable, which is a good sign that improvements will be made this year.

The city commissioners had a special session last evening and proposed resolution for the paving of the alley in Block Three, between Main and Market streets, was laid on the table to be passed within seven days. The property owners in this block are all in favor of the improving of the alley in this block, which will be a seven inch re-inforced concrete paving, to run the length of the block, 264 feet, the width to be between the buildings.

The City council will not receive bids for the paving of the alleyway in Block Three and the portions of Market and Fifth street and Normal avenue which have been proposed before April 10, or some time during the second week in April.

T. C. Coil Relative of Famous Witness

Is Cousin of Miss Roxie Stinson, Who Created Sensation in Washington by Her Testimony

T. C. Coil of Maryville is quite interested in the investigation of Harry M. Daugherty, attorney-general, now being conducted by the senate Daugherty investigating committee at Washington on account of being acquainted with Mr. Daugherty and several of the witnesses, especially from Washington Courthouse, Ohio. Mr. Coil came to Maryville a few years ago from Washington Courthouse. He was intimately acquainted with Attorney General Daugherty and his brother, Mal Daugherty, a banker at Washington Courthouse. Mr. Coil served in the Ohio legislature with Harry Daugherty.

Mr. Coil's cousin, Miss Roxie Stinson of Washington Courthouse, became a national character overnight by her sensational testimony before the senate committee at Washington. A dispatch from Washington Courthouse says:

Childhood associates of Roxie who know her well tell with pride it is her one remaining ambition in life to clear the name of Jesse W. Smith her divorced husband, who ended his life in Daugherty's apartment in Washington last December day.

One of the most attractive girls in Washington Courthouse, a brilliant future was predicted for Roxie. Her parents, while not wealthy, gave her a good education and finally sent her abroad to complete her musical studies.

On her return in 1908 she married Smith, social leader of the two who in later years became a sort of go-between for Daugherty. The marriage was much made of, but in eighteen months she divorced him although they always remained good friends.

She shared in a measure in the political intrigues in which Smith found himself involved and which she believes led him to take his life. Smith's sudden death caused her to retire from gay social life, patiently waiting for the day to clear his name.

That day has come, and while Roxie has told much there still is much more to tell, it is believed here.

MYSTERY SHROUDS DEATH OF WOMAN

POLICE INVESTIGATING MURDER IN KANSAS CITY.

MANY ARE QUESTIONED

Dr. Zoe Z. Wilkins Is Found Slashed to Death in Her Home in K. C. Last Night.

Kansas City, March 19.—Friends and acquaintances of Dr. Zoe Z. Wilkins, pretty widow of the late Thomas W. Cunningham, Joplin, Mo. banker, who was found slashed to death in her home last night were placed under close scrutiny today and police and coroner's officials joined in a double investigation of the crime.

Someone who knew the doctor had something to do with the crime, I. B. Watson, chief of the detectives declared today following a thorough investigation of the woman's home.

Both front and back doors of the home were locked and only a screen window, high up on the house, was accessible.

The murderer, Watson believes, had a key to the house or was someone Dr. Wilkins admitted and who locked the doors as he left, following the crime.

Charles Wilkins, brother of Dr. Wilkins, who came here recently from Seattle, was questioned by the police again today. He said the only cause of the quarrel between himself and his sister had been over her heavy drinking. Over a score of persons have been questioned so far this morning. Among them were the two negro janitors of the building.

COOLIDGE LEADS IN DAKOTA ELECTION

ONLY 362 PRECINCTS HAVE BEEN HEARD FROM.

JOHNSON IS SECOND

LaFollette, Wisconsin Senator, Is Poor Third—Rural Vote Expected to Boost Californian.

Fargo, N. D., March 19.—President Coolidge still held the lead over Senators Johnson and LaFollette with 362 precincts of North Dakota's 2,100 reporting on the Presidential primary vote.

The count at 3 o'clock this afternoon was: Coolidge, 18,932; Johnson, 10,105; LaFollette, 5,546.

The returns were coming in very slowly but the rural vote is expected to be to Johnson's advantage.

Fargo, N. Dak., March 19.—With only the cities and larger towns reporting, President Coolidge led Senators Hiram Johnson and Robert M. LaFollette early today in the North Dakota Presidential election.

Returns from 213 precincts of the state's total of 2,100 gave Coolidge 14,271, Johnson 6,288, LaFollette 4,276.

At the Coolidge headquarters it was admitted that returns from the rural and Western sections of the state where independent sentiment is strong would bring gains to Johnson and LaFollette, but expressed confidence that Coolidge would retain a lead.

Because of the slow counting in the villages and the delayed return from the rural precincts, it will be more than twenty-four hours before the results of the primary will be definitely known.

There was no contest between the Democratic Presidential aspirants. The Democratic forces were divided, but only on the state ticket. Both factions were pledged to William G. McAdoo.

Red Cross Chapter Sends Six Layettes

To the Red Cross in Hungary—3 are Made by Baptist Auxiliary and 3 by St. Mary's Society.

Six layettes were sent out today by American Red Cross chapter of Nodaway County from the local office that will be directed to the Red Cross Department at Brooklyn, N. Y., and from there will go to the Red Cross of Hungary. The layettes will eventually arrive at Budapest, Hungary.

The Southwestern Division of the Red Cross, headquarters at St. Louis, made a request of the Nodaway chapter for five layettes. The Hungarian Red Cross and the Hungarian minister to this country made an appeal to the American Red Cross because these garments are badly needed in Hungary, and due to the high cost of material in that country there is no clothing available for many babies, and the American Red Cross is now supplying a need.

The six layettes sent out today were made by the Volunteer Service of the Nodaway County Red Cross chapter, of which Miss Betty Turner, executive secretary, said this morning there are more than 100 volunteer workers in this county. Three layettes were made by the Women's Auxiliary of the Baptist Church and three were made by Young Ladies' Society of the St. Mary's Roman Catholic Church. The material for these layettes was furnished by the county chapter.

Mrs. J. A. Spiers had charge of the work done by the Women's Auxiliary of the Baptist Church, and Miss Katherine Yehle had charge of those made by the St. Mary's Society. All the garments were cut by Miss Katherine Yehle and Miss Charity Wiseman.

The layettes consist of a utility bag which has soap, safety pins and face cloth, caps and two flannel bands, a jacket, two dresses, two diapers and two blankets.

GENERAL WOOD IS NAMED AT HEARING

OIL MEN MADE OFFER AT CHICAGO CONVENTION.

APPROACHED HARDING?

Senate Investigators are Told of More Scandal in Government Oil Lease Deals.

Washington, March 19.—Senatorial investigators went into both Republican and Democratic closets today and rattled some political skeletons.

Tiffin Gilmore of Columbus, Ohio, told the committee certain oil interests, which he was unable to name, approached General Leonard M. Wood during the Chicago convention and offered to support him if he would agree to appoint "an oil man" Secretary of the Interior. This offer was regarded as suspicious and turned down. Gilmore said.

Gilmore left the witness stand with the veiled inference that an offer of similar nature was made to the Harding managers, and described a conversation he had with Carmi Thompson, one of the Harding lieutenants on a train returning from Chicago. A subpoena immediately was issued for Thompson.

From Colonel Darden, a friend of Harding's and also of Harry M. Daugherty, Attorney-General, the committee learned interesting details of his claims to Teapot Dome. Darden said he and his associates secured the lease on Teapot Dome in the closing days of the Wilson administration being aided in this respect by President Wilson's brother.

Darden related intimate conversation he had with President Harding and Attorney-General Daugherty concerning his leases, the validity of which was questioned by Albert B. Fall as Secretary of the Interior.

Subsequently Fall sent marines to Teapot Dome to eject Darden's employees as "squatters."

The committee decided to probe deeper into Fall's financial transactions and a subpoena was issued for M. D. Thatcher, president of the First National Bank at Pueblo, Colo. to bring all records of Fall's finances through that bank.

supposed to voice the opinions of Henry Cabot Lodge, issues a warning to the Coolidge administration to either clean up, or "the tide of public confidence in the competence and cleanness of the Government at Washington will continue to ebb." The Transcript editorially says:

"When the party in power at Washington today, under the leadership of its titular head, the President, supported by the Republican Senators and Representatives in Congress, tackles unitedly and aggressively the job of cleansing the Government at Washington of corruption and incompetence wherever it can be found, the party in power will deserve the support of the Democratic Senators and Representatives in Congress and the Nation they pretend to serve. Until the clean-up process is under way, however, in earnest and all along the line, the tide of public confidence in the competence and cleanness of the Government at Washington will continue to ebb."

"Ours is a patient people, but their patience should not be mistaken for indifference to the honor of the Nation or the integrity of its institutions. The American people are capable of great patience. They are also capable of righteous indignation. They are not unkind or unappreciative of the value of high character in high places, but the people expect of their leaders in time of crisis not only character but that wisdom nine-tenths of which is being wise in time."

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthio-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Menthio-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthio-Sulphur may be obtained at any drug store. It is used like cold cream.

MAY BE CLEARED OF ARMY DESERTION

DAVID HOUSEL MAY REALIZE
HIS DREAM AFTER ALL.

HIS BILL PASSES HOUSE

Special Legislation Clears Maryville
Shoemaker And Provides Pension
Of \$50 Per Month.

After twenty-two years of fruitless effort, David M. Housel, veteran shoemaker of Maryville, is about to be cleared of the charge of desertion from the United States army away back in September, 1865.

According to information received in Maryville today, a special bill, clearing Mr. Housel of this charge and granting him a pension of \$50 a month, passed the House last Friday and is now in the Senate committee.

When a lad, 18 years old, Mr. Housel joined the Union forces at Mifflingburg, Pa. This was in September, 1861, and he was a member of Company E, 51st Pennsylvania Volunteers. About a year later, or in October 1862, he was transferred to the regular army. He participated in the Battle of Gettysburg, second Battle of Bull Run and a number of other historic encounters which made history back in these dark days in the '60s.

In July, 1863, Mr. Housel was sent to New York City, along with a number of other soldiers, to quell the riot there against the draft. He then came back to Virginia and re-enlisted in the regular army. This was on January 24, 1864. His enlistment term was for a period of three years.

In September, 1865, Mr. Housel was taken seriously ill with the fever while he was at Baltimore, Md. Knowing that his services as a soldier were no longer needed and realizing that medical facilities were not of the best, Mr. Housel returned to his home in Pennsylvania without waiting for his discharge, after serving his country for three years, seven months, and twenty-six days.

He came to Maryville in 1880 and for forty-four years has been working at his trade as shoemaker. He occupied a small wooden building on the south side of the square for about twenty-two years. He moved to his present location on East Third street

a number of years ago.

Twenty-two years ago, Mr. Housel took up his case with the Congressman from this district and every day since then, he has dreamed of the day when he would be cleared of this charge of desertion. All of the Congressman from this district since 1902 had failed to get this bill through the House until Charles L. Faust, present Representative, was successful in his efforts to get the bill through the lower branch of Congress and send it on to the Senate where, he says, "it will undoubtedly receive favorable action." The bill clears Mr. Housel and also provides a pension of \$50 a month.

Make 100 Per Cent Test at Postoffice

L. M. Grems and Harold Booth Get
Perfect Rating—Otis Gault
Makes Good Grade.

In a case examination held yesterday afternoon of Section A Missouri at the post office, L. M. Grems and Harold Booth made 100 per cent, not missing a single card. Otis Gault, substitute clerk at the post office, missed one card and his grade was 99.90 per cent.

The examination was conducted by L. Kaucher, chief clerk of the Railway Mail service, of St. Joseph. Mr. Kaucher was well pleased with the grades as it doesn't happen every day to have so many from one post office to make such perfect scores.

In the examination, there are 980 cards containing Junction points and the names of the towns. Mr. Booth placed all of the cards in the right boxes in twenty-nine minutes while Mr. Grems and Mr. Gault threw their cards in thirty-seven minutes.
